**SMART INDIA
HACKATHON
2024**

WEBPAGE DEVELOPMENT FOR INTERACTION WITH ALUMNI ASSOCIATION

- ◉ We are approaching to develop a webpage which would help the university to keep a track of the students who have been placed in different sectors . It would also help the current studying students of the university to interact with the alumni and seek guidance from them for their future.

TECHNOLOGIES USED :

- ◉ HTML5
- ◉ CSS
- ◉ JAVASCRIPT

IMPACT AND BENEFITS :

- ◎ It would help the university to easily interact with the alumni and keep accessible record of it's passed out students.
- ◎ It would help students to interact with the alumni.
- ◎ This webpage will be an easily accessible and well organized record of alumni for the university.

THANK YOU
